Hi Will, those costs are not included in the numbers below. We're processing the transfers for the LD Construction Oil Spill E17633 response and the Port Arthur RV Resort Oil Spill response and they will be on the chronology going forward. Thanks,  
Ben

Ben,

The "estimated ITD cost through today" was \$117k yesterday and is \$125k today on TDD 17-080. I was expecting this number to increase significantly with the transfer of charges to this TDD from the

LD Construction TDD Oil Spill and the Port Arthur RV Park Oil Spill response efforts (9/22 to present). Does the \$125k already include those charges? Thanks.
